- **Ambassador** (year-long support): \$15,000
 - Sponsor recognition on the *TQ* landing page
 - Sponsor recognition in every *TQ* email alert for the duration of the sponsorship (one year)
 - Opportunity to submit and publish an advertorial in each quarterly issue
- **Supporter** (quarterly support): \$5,000
 - Sponsor recognition on the *TQ* landing page
- **Customized:** varies
 - Provide support for the *TQ* at a level that aligns with your company's budget and goals

The Practical Brewer sponsorship

"For nearly 80 years, *The Practical Brewer* has been regarded as a trade standard, achieving worldwide acceptance as an outstanding basic training tool in the art and science of brewing – designed to fulfill the dual purposes of providing information on equipment, materials, and methodology for more learning and experienced brewers. Additions to the 4th Edition dive into safety, dry hopping, fruit beers, sour beers, hard seltzers and derivative products, as well as environmental issues as they pertain to specific brewing operations."

- **Audience:** book purchasers
 - **Sponsorship & Ad Close:** December 31, 2025
 - **Opportunities:**
 - **Featured Bookmark:** \$15,000
 - Put your brand front and center on the attached bookmark in this brewer's go-to publication
 - **Chapter sponsor:** \$10,000
 - Sponsor a chapter of the publication and provide expertise on either of the following:
 - New horizons: sponsor identifies what's in the pipeline/coming next in this topic area
 - Further studies needed: sponsor identifies areas where further study is needed around the topic
 - **In-publication full-page ad*:** \$3,000
- * Specs provided upon placement

SPONSORSHIP OPPORTUNITIES (continued)

Events

Brewing Summit 2025

August 13–15

JW Marriott Desert Springs Resort
Palm Desert, California U.S.A.

Join Master Brewers and the American Society of Brewing Chemists for a shared meeting to discuss the latest in brewing science. Check mbaa.com/meetings for more information about opportunities available at this event later this year!

Courses – Hybrid courses span 7 weeks for sponsorship exposure opportunities throughout the 6 week virtual course and 5 day in person learning

Brewery Maintenance Systems May 22 – July 31, 2025

Expand your foundational knowledge in the maintenance and engineering technology principles and processes of brewing, utility, and packaging system design and operation. This course will help you lead your facility in establishing appropriate brewery protocols and best practices for system troubleshooting, equipment maintenance, and operational improvement

■ **Format:**

- Online:
May 22–July 17, 2025
- In-person:
July 28–31, 2025

Learn More

Brewing and Malting Science August 21 – October 24, 2025

Gain a greater understanding of the scientific principles, operations, and guidelines associated with the brewing and malting process to increase your technical acumen. You will delve into life sciences for brewers, malting, hops, safety, brewery operations, wort, sensory issues, and alternative beverages

■ **Format:**

- Online:
August 21–October 9, 2025
- In-person:
October 20–24, 2025

**Learn More and
Register Now!**

Brewery Packaging Technology Spring of 2026

Strengthen your technical knowledge through all phases of the packaging process with practical tips and resources for hands-on application in your brewery. Course topics include: safety & cleaning, packaging, labels, brewery operations, quality controls, and data management

Spring of 2026
