# SULLIVAN Water Supply Systems

spell economy and improved service for Breweries that take their water from wells.

## The Sullivan Air Lift

### SECURES:

1. More Water from the same wells than by other means.
2. Cooler Water, which means a saving in horsepower in condensing.
3. Purer and "Softer" water, due to aeration.
4. Greater simplicity and reliability.

The Booster system fills elevated tanks cheaply.

Ask for Air Lift Bulletin No. 3271C

## Sullivan Machinery Company

122 So. Michigan Ave., Chicago

There are no moving parts in the well.

5. The apparatus is always in working order; not affected by mud or sand.

6. Efficiency kept up to original point at all times and after long use.

7. A scattered group of wells can be pumped as readily as one.

# FUMES

We, as scientific manufacturers of Brewers' Pitch, can tell two blocks away from a brewery what character of pitch they are using.

It is dangerous to use a pitch that is not scientifically made, as the fumes and odors are detrimental to not only the brewer, but the entire neighborhood. In **Bishopric's German Style Pitch** these objectionable fumes and odors are eliminated.

The up-to-date breweries in the United States, Canada, South America, Holland and Netherlands are using **Bishopric's German Style Pitch**.

When ordering pitch, for your own protection order **Bishopric's German Style**, and avoid pitch taste in your beer and objectionable vapors and fumes in your plant.

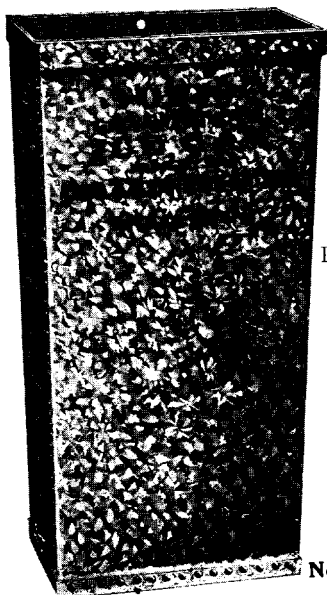

*Sold by Leading and Responsible Supply Houses*

**The Bishopric Products Co.**

This is the  
**CLIPPER STEEL BEER CASE**

that is paying the brewers big dividends on the investment.

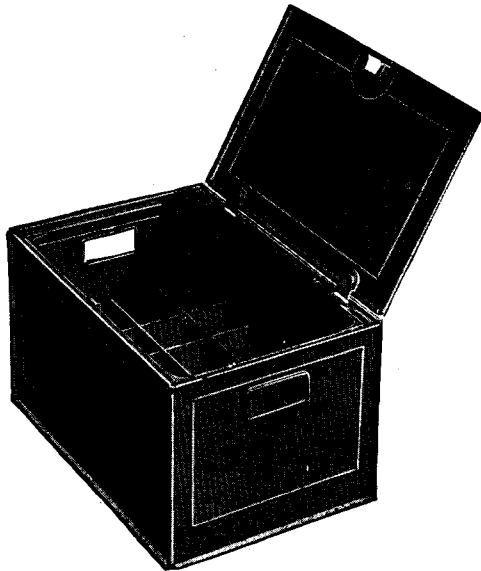

It's no good for kindling wood.

It's no good for ash and garbage receptacles.

The bottoms can't fall out. No losses.

It's clean, sanitary and inviting in appearance, and an advertisement for your beer.

It's the cheapest case in the long run.

Does this mean anything to you? Of course it does. Anything that will tend to increase your profits should be regarded as a good investment.

Nine years ought to tell the story, which you can get from the users themselves. All you've got to do is drop us a line.

MADE IN ALL SIZES FOR CITY DELIVERY AND SHIPPING

**THE DEFIANCE PRESSED  
STEEL COMPANY**
